Thank you for your interest in the Adopt-A-Stream program. Your efforts to help protect water quality in Prince William County are very much appreciated. The Prince William Soil and Water Conservation District is the local coordinator of the State-wide Adopt-A-Stream Program.

To get started with Adopt-A-Stream, please complete and sign the Application for Designation and Agreement form (below) and fax or mail it back to the address below. When you know the date or timeframe for your first cleanup, please send me the Pre Clean-up form, or call with the information on the form, so I can order your vests, gloves and trash bags, and arrange for trash pickup. If possible, it is best to give us at least 3 weeks to order and mail you the supplies for your cleanup. We will notify the county to pick up the trash and weigh it at the landfill so we can track the pounds of trash removed from streams. Please feel free to contact me with any questions you have. Thank you very much. I hope you will join us.

Sincerely,

Kelly Jimenez

Outreach & Education Specialist
