

Program Name: Regions of Virginia

Grade: Fourth Grade

Objective: The student will learn to describe the major products and industries of Virginia's five geographic regions and explain how advances in transportation, communications, and technology have contributed to Virginia's prosperity and role in the global economy.

Description: Students will learn the different regions of Virginia displayed on a large canvas map. The students will label the map with the different cards provided, and determine what regions would produce several agriculture items that are also provided in this tub.

Activities & Resources:

Teacher resource notebook with lesson plan.

Activity:

Large canvas map outlining the Commonwealth of Virginia. The students can label the regions, rivers, and associate the various products with the geographic area. All the materials are provided.

SOL's: VS 10b, VS 10c

Format and Requirements:

Teachers may borrow the conservation capsule (CC) for one week.

Floor space is needed to spread a 6' by 10' drop cloth.
