Transportation Waiver For Hay

In order to provide relief to areas affected by drought, the Governor declared a State of Emergency to exist for the Commonwealth of Virginia and is seeking to grant temporary over width, registration, license, and hours of service exemptions to all carriers transporting hay to, through and from any area of the Commonwealth. This authorization applies to and from any area of the Commonwealth to support the drought emergency response and recovery, regardless of their point of origin or destination.

As a result, the Virginia Department of Motor Vehicles authorizes a temporary waiver of registration and licensing requirements for carriers, and the Commissioner of Highways authorizes a temporary waiver of normal width restrictions on roads controlled by the Virginia Department of Transportation, for the express purpose of ensuring that emergency essential supplies of hay reach impacted areas in a timely manner. **This waiver is effective beginning October 1, 2026, until October 30, 2026**, and includes an exemption in coordination with the Virginia Department of Emergency Management, which activates the FMCSA Section 390.23 Relief of Regulations, including hours of service. This waiver only pertains to statewide shippers and carriers associated with emergency hay relief efforts. For more information please visit:

[Waiver for carriers transporting hay for emergency relief](https://www.vdot.virginia.gov/media/vdotvirginiagov/travel-and-traffic/freight-operators/truck-restrictions/Hay-Emergency-Waiver-091726---acc.pdf)
