5 Upcoming Conservation Plans

- Kettle Wind (continued) - Murphy
- Tim Caudill - Murphy
- Satish - Murphy
- Debbie Craig - Hatfield
- Brad Eustace - Hatfield (3 plans)
- Yankey (continued) - Slazinski
- Saeed Amiri – Quinones
- Kristina Taggart – Quinones
- Jim York (Reaching out) - Quinones
- Maureen Cipple (Reaching out) - Quinones

6 Update on monthly engineering meeting with DCR

Mr. Yankey reported that the meetings with the DCR engineering team will be moved from monthly to quarterly, starting April 7th. Active VACS projects are moving forward.
 Nichols (BMP ID: 589205, SL-6W) - had issues with the heat tube on their water trough; Mr. Yankey visited the site and talked to Mr. Nichols and he is working on installing the heat tube.
 Heaton (BMP ID: 579424, SL-7)- finishing up his practice; has been made aware multipel times of the hard deadline.
 Davis (BMP ID: 731025, SL-6W and BMP ID: 731026, SL-7) - just getting underway on his practices; will likely be a carry-over.
 Viar (BMP ID: 731026, SL-7) - working with Mr. Hatfield

7 Update on carry-over projects

Mr. Yankey reported that the carry-over projects are moving forward.

8 Update on VCAP

Funding is now in the governor's budget, but the House and Senate have different proposals (House is 2 mil and senate is 8 mil). VASWCD is making a final push for support of the program. The general assembly reconvenes on April 23.

Mrs. Slazinski reported that her VCAP practice for Ms. Coriano was finally approved in March.

The check for Occoquan Point has been received; Mr. Murphy invites the TRC to join him when he delivers the check so they can see the site. The proposed date is Wed. April 22.

Project Status Notes March 31 2026						
Contract #	BMP	Participant	Project Lead	Phase of Development	Approved Design?	Last updated on:
35-25-0004	SL-6W	Nichols, Paul	Seth Hatfield	Construction in progress	Yes	4/9/2026
35-24-0017	SL-7	Evergreen Bend Farm/Heaton	Jay Yankey	Construction In Progress	Yes	3/30/2026
35-26-0009	SL-6W, SL-7	Albert Davis	Jay Yankey	I&E Completed, Design Started	No	3/30/2026
35-26-0008	SL-7	Jim Viar	Seth Hatfield	I&E	no	3/30/2026

Fencing is done. Waterer pad is under construction. Was finally able to make contact with Mr. Nichols on 3/28. Jay was able to meet with Mr. Nichols this past weekend, Mr. Nichols is working on correcting the installation of the heat tube and is hoping to finish out the project soon.

We have visited with Mr. Heaton and he has begun construction to finish the practice and anticipates having it done in the coming weeks.

The watering system design is complete and Tracy is finishing up reviewing the ford crossing design. Have talked with Mr. Davis and he is working on finding contractors so we can conduct preconstruction meetings and get construction underway as soon as we have the final design.

Mr. Viar has had an issue come up to deal with. He will be getting us a proposed layout and scheduling SWCD out for a field visit to gather field data to be able to submit details to Tracy to complete I&E.

9 Other discussions

Future TRC agendas/reports will appear differently as we move away from Access and into CAS. Crop acres, livestock information, and other specific plan data will be presented at the TRC meeting and will soon no longer be included on future TRC agendas/reports.

10 Adjourn meeting

Motion: Price

Second: Vehrs

Vote: 3-0

Meeting adjourned at: 2:03pm

Next TRC Meeting May 14, 2026 at 1:00 PM
