

# 2026 Pesticide Collection Program

**Localities Include:**  
**Loudoun, Prince William, Manassas, Manassas Park**

Virginia Cooperative Extension (VCE), Virginia Department of Agriculture and Consumer Services (VDACS) and the Virginia Pesticide Control Board invite farmers, pesticide dealers, pest control firms, local governments, pesticide applicators, homeowners and golf courses to participate in the 2026 pesticide collection program. Our program collects unwanted, outdated, or banned pesticides and disposes of them in a safe manner. **No cost to participants in the designated localities.** The program is funded through pesticide product registration fees collected by VDACS-Office of Pesticide Services.

Collection Location: **James S Long Regional Park.**  
**4603 James Madison Hwy.**  
**Haymarket, VA 20169-1932**  
**(703)792-7060**

When: **September 16, 2026** Time: **9am – 1pm**

Participants must transport their unwanted pesticides to central collection sites located within the service area. If participants cannot safely containerize the unwanted pesticides for transport, the collection contractor will arrange to do that for them. **Only pesticides will be accepted.** Pesticide contaminated material (for example, pesticide contaminated fertilizer/weed and feed products) will be accepted as part of the collection program. In addition, the program does NOT accept motor oil, paint, fuel, fertilizer or other chemicals.

Participants should complete a pesticide collection registration form ahead of time and return the completed form to VDACS, P.O. Box 1163, Richmond Virginia 23218. The form is available at: <https://www.vdacs.virginia.gov/pesticide-collection.shtml> or by contacting the Pesticide Collection Program at email Marlene Larios [Marlene.Larios@vdacs.virginia.gov](mailto:Marlene.Larios@vdacs.virginia.gov) or call 804-371-6561
