

**Prince William Soil and Water Conservation District
 Technical Review Committee Report
 2/12/2026, 1:00:00 PM — VCE office - P. William**

Members Attended:

Voting:	Thomas Bolles	John Price	Jenny Reed	Nancy Vehrs	Advisory:	Alex Murphy
	Nicole Slazinski	Jay Yankey				

2/12/2026

Mr. Bolles called the meeting to order. Meeting began at 1:06pm. Ms. Vehrs came at 1:59pm

1) Recommended Approval of Plans by BOD:

No additional comments

2) Recommended Approval of VACS BMPs by BOD:

None this month

3) Recommended Approval of VCAP BMPs by BOD:

Singh was removed as the project did not score high enough to qualify for VCAP. Only Daniecki's applications will be submitted to the VCAP steering committee for this month.

4) Completed VACS & VCAP:

No official vote was made on the payment, but this practice has been dicussed at previous TRC meetings. The delay in payment was due to receipts needed (they have since been acquired).

1 Recommended Approval of Plans by BOD

Motion: Reed

Second:Price

Vote: 3-0

Lawrence Farm (FY26 Renewal)

Operator: Lawrence, Stephen

9200 Broadlands Lane, Nokesville, VA 20181

Totals:	77.7	297.9795	16.6667	1.1655

7 Update on monthly engineering meeting with DCR

The monthly engineering meetings held on Jan. 6, 2026 and Feb. 3, 2026 went well. There are only 4 cost-share practices that are active and under construction. These practices are moving forward and making progress. Mr. Yankey also reported that the Viar family is interested in signing up for an SL-7 on a past SL-1 to extend their watering and grazing system.

8 Update on carry-over projects

See Update on monthly engineering meeting above

9 Update on VCAP

VCAP is moving to stage 2 on encouraging the public to support the program.

10 Other discussions

11 Adjourn meeting

Motion: Vehrs

Second: Reed

Vote: 4-0

Meeting adjourned at 2:18pm

Next TRC Meeting March 12, 2026 at 1:00 PM
